Enclosures: R.C. No. 19096/46.S.II dated 3-12-1946. 194

Sir,

Sub:-Cooperative Societies- Establishment--Temporary--Cooperative societies in the South Kanara district-distribution of controlled commodities--staff for supervision--sanction--Requested.

The Deputy Registrar, Mangalore, reports that 80 cooperative credit societies in the South Kanara district have undertaken the distribution of controlled commodities like rice, wheat, sugar, kerosene etc. These societies have, of late, been transacting extensive business and have been of immense service to consumers in places where cooperative stores cannot be organised. During the cooperative year 1945-46 they purchased controlled articles worth Rs. 21.06 lakhs and effected sales to the value of Rs. 22.60 lakhs. This is indeed a great achievement on the part of credit organisations which have come to supplement the distributive work of consumers stores. With the introduction of rural rationing in the district cooperative institutions are likely to play an increasing and more importan role in the distribution of food stuffs in view of the policy of Government to foster cooperative activities.

Credit societies which have undertaken distribution work require as much supervision as stores societies. Being new to the venture, credit societies require guidance at every stage in respect of storage of food-grains and equitable distribution of controlled articles in conformity with rationing regulations and rules, proper maintenance of accounts, submissio of return etc. At present there is no special staff to supervise the working of credit societies which have taken up distribution of controlled commodities. The staff of one Cooperative Sub Registrar and two Senior Inspectors sanctioned for the general supervision of 68 cooperative stores in the district is fully engaged in the supervision of stores societies

and cannot spare time to supervise such a large number of credit societies doing distribution work. This staff cannot be diverted from their legitimate duties of supervision and development of stores societies without detriment to the orderly progress of consumers societies. Neither will it be physically possible for them to attend to the supervision of such a large number as 80 credit societies in addition to the supervision of stores. The Deputy Registrar has, therefore, requested that a minimum staff of 3 Senior Inspectors at the rate of one for about 25 societies may be sanctioned to ensure effective supervision of all the societies. In this connection I invite attention to G.O.Ms.No.3 Food Department dated 22-2-1946 in which Government have been pleased to sanction a special staff of 3 Senior Inspectors for supervision of 45 credit societies and 22 stores entrusted with distribution of foodgrains in the Anantapur district.

I am convinced of the imperative need of additional staff applied for by the Deputy Registrar and request that Government may be pleased to sanction temporarily for a period of one year from the date of employment or till the necessity for employing them ceases whichever is earlier, the services of at least two Senior Inspectors to supervise the cooperative credit societies which have undertaken distribution of foodgrains in the South Kanara district.

For Registrar.

Finance (2.11)

There are now two Senior Insprs for the general supervision of 68 Cooperative stores in the district. With 80 more credit societies, the total number of stores and credit societies will be 148. At the rate of one Inspr for every 25 to 30 Societies over the first 30, the number of Insprs required will be about 4.

The Regr. says that he is convinced of the imperative need for at least two more Senior Inspors. (The cost works out to Rs. 3065 p.a.,
